To Whom It May Concern:

Stormie Sheldon was one of the speakers for my recent statewide Women's Ministries Conference. Her amazing testimony of God's grace coupled with an excellent power point presentation of how we can be "Gems of Glory" ministered to everyone. Women responded to her ministry and the altars were filled as the Holy Spirit used her to speak to women where they live.

Stormie has a beautiful voice and the Lord used her ministry in song to touch the deep places of our hearts.

I appreciated Stormie's transparency, her willingness to reach out to those who are hurting and to give them hope for the future. She was easy to work with and a joy to be around. I would whole-heartedly recommend her ministry.

Sincerely,

Linda Stamps-Dissmore
