August 2003

To Whom It May Concern:

We had the joy of having Stormie minister through song and testimony here at Calvary. She is a precious lady who knows what it means to walk with Christ, walk away from Him, and then return. She poignantly shares the pain and grief that resulted from her selfish choices as well as a pursuing Heavenly Father who brought her back home to trust in Him more completely than ever before.

Her musical ability combined with testimony will provide a powerful time of reaching out to those who have never before embraced Christ as Savior and those who have wandered down their own path and need to come home. For believers, her ministry provides encouragement to keep walking with the Lord because many choices made outside of God's good plan for His children bring great pain and rob God of His glory.

I heartily recommend Stormie to any church that wants to reach the hurting of our world as well as encourage believers to keep walking by faith.

Sincerely,

Pat Cottrell
Pastor

"We are here to WALK with Christ, WORK in ministry, and WIN the lost."
