Dear Stormie,

March 10 & 11, 2005 will be a date I long remember. The conference held at First Baptist Church, White House, TN was definitely a "God-Thing." Many hours of planning, organization and prayer went into making it a success.

I want to say "Thank You" so much for your part in that conference. Your ability to "go with the flow" and your sensitivity to the Spirit of God blessed all in attendance. You were able to captivate the audience and at the same time to allow worship was wonderful.

We had several people ask if you and our speaker had worked together before. It was amazing that you had just met her the afternoon of the conference. One lady in particular praised both of you with her comment of "They worked together and fit just like a hand and glove."

Stormie, we are all blessed as we serve the Lord; however, I believe the blessing was multiplied by the total team effort. Thank you for being a team player.

Sincerely,

A handwritten signature in cursive script that reads "Dana Christian".
